

**JD DDS Medical Office Building
Stockbridge, GA**

This traditional style professional office building is a two-story structure encompassing 16,000 square feet. The building is host to several medical and professional tenants.

Built with a combination of wood and steel structural frame, brick exterior walls, and shingle roof, the building makes a perfect fit with its surrounding Eagle's Landing environment.

**Stonecrest Professional Centre
Lithonia, GA**

CA3 completed this 20,250 sf office building in 2007. Located in the burgeoning Stonecrest development of Lithonia, this building is the home of various medical and office tenants.
